

INFORMATION SHEET / CONTRACT TERMS (Please keep for future reference)

YOUR ANNUAL REGISTRATION WITH QUICK HELP

- Please ensure you complete ALL of the application form.
- Quick Help cannot utilise you until we have received your application and verified your registration number. We also need to physically meet you to sight your photo ID as well as have a copy in our system. Please allow up to two weeks to process your application. You will then be contacted by us to confirm you are on the database and to answer any queries.
- We must have a copy of your current practising certificate from the NZ Teachers Council. We cannot use you without proof of your registration.

INTERESTED IN LONG TERM RELIEVING

Please also consider enclosing a brief (one page) summary of your teaching (and relevant life) experiences, including class levels, areas of responsibility, special skills, qualifications and areas of interest if you are interested in long term relieving positions. We often get requests for two or three names for up to a year's work.

In the case of a Long-Term relieving position, (4 weeks/20 days plus) I agree to pay Quick Help a one-off fee of \$199.00 (\$299 if you are a CASUAL Quick Help teacher)

PRIVACY

Your phone number is NEVER handed on. If a school asks us for it, we reply that we will ask you to contact the school rather than give them your number. Obviously, any details you supply regarding your willingness to work at certain schools are also confidential to us.

WEEKLY CALL TO US

Make sure you call us/text us on Sunday (or Monday, if a holiday weekend) between 4pm and 6am the next morning to advise us of your availability (or not) for the coming week. The weekly list is the one we go to for relievers - if you are not on it, it is unlikely that you will get a call!

COMMUNICATION IS KEY

It is equally important to let us know if you are not available for the whole week - that saves the annoyance of calls at 6.30am - for both us and you!

We are also very keen to hear about any part days you may be free in a week.

Please also remember to update us if your availability changes through the week (contact us anytime!)

HOW THE SYSTEM WORKS

Once we have your availability we know that when a school asks us for a reliever, if you fit the requirement and are available, we can call you. We open from 6.30am until 7.45am (except for late emergency calls sometimes we do get them as late as 8.20am) and are available again from late afternoon until 9.30pm. Many of our placements are made the day a teacher is required. If we get a call earlier – we do the job then! We are more likely to call you if you answer your phone promptly and we have received good feedback about you.

PLEASE NOTE: THIS IS YOUR COPY – RETAIN IT FOR YOUR RECORDS

IMPORTANT ISSUES

You need resources for the class levels you will teach, as often there is no work left for the class. We pass on any details we have received, including duty, trips, work left etc.

Please report to the office when you arrive – DO NOT GO DIRECTLY TO THE CLASSROOM. You must SIGN IN at the office first and they should request to sight TWO FORMS OF IDENTIFICATION (including either NZ Passport and/or NZ Driver's Licence).

ON ARRIVAL AT A SCHOOL

You should arrive by 8.30am for a primary school and 8.15am for an intermediate school to give yourself time to get organised for the day. (Some request earlier such as 8.10am but we will let you know)

CAN YOU GET WORK YOURSELF?

Please refer to your contractual obligation:

- If you are a VIP TEACHER, ALL work is booked and recorded through Quick Help Teaching Services. YOU may accept further work directly from a school for the continuation of a current position. However, you have a contractual and professional obligation inform us.

- If you are a CASUAL Teacher, IT IS A SERIOUS BREACH of your contractual obligations if, when schools we have sent you to then later approach you or you approach them directly, rather than going through us. Quick Help must be informed of this.

Of course, you can accept work directly from a school that you were originally sent to through Quick Help, but these will be Quick Help placements, and you must advise us of them as soon as possible (the day of)

- Of course, we also happily send you to any school that asks for you – as many do!

WHAT DOES IT COST AND HOW DO YOU GET PAID?

There is a non-refundable, annual fee of \$99 +gst for a VIP or \$199 +gst if you wish to be a casual, payable at the time of application, which helps cover registration, security checks and administration costs.

To get paid, you need to be on the MOE payroll and have an MOE number (different from your Registration number). Tell the first school you relieve at that you are not yet on payroll and they will give you the necessary forms.

If you have any other questions please just ask.
